## This World

VIRGINIA JENKINSON

It shouldn't happen to a dog—but it's happening to us! The City Council which would have met Tuesday night if a certain man named Christopher Columbus hadn't discovered America on that date, met Wednesday night instead, making it impossible for us to run City Council proceedings until next week.

Our nomination for a really brave woman goes to Mrs. Walter Thurbur who was involved in a car accident about two weeks ago just east of Glendora. Although the accident was severe enough to cause Mrs. Thurbur to have a temporary black-out, upon reviving, she not only cared for the occupants of her own car, but also gave her best motherly care to the two persons in the auto behind her. We can just see this good woman running from one car to the other administering help, forgetful of her own discomfort.

We've received several calls about the identity of the roses sold on Rose Day by the Float Association. A spokesman for the John Lytle company, John Manville representatives, called last night to tell us that the name of the rose bud is "Carmette." He said the reason he knows is because he bought them and presented them to the Float Association as a donation from the Lytle company. We'd like to extend a belated "thank you" from the public which has been so interested in knowing the name. The interest generated by this dainty rose bud will probably result in many of them being grown in Sierra Madre.

The new "Nursery School Handbook" for Teachers and Parents, published by the Sierra Madre Nursery School now in its fifth printing, is off the press. A review copy of it in its beautiful new form was given to the NEWS two weeks ago. Marjorie ("Midge") Parker, a former member of our staff, has it in her possession and will review it for us upon her return from vacation.

Written by Dr. Elizabeth Woods, director of Educational Research and Guidance in the Los Angeles City Schools, and Mrs. Marjorie Green, director of the Sierra Madre Community Nursery School, it is used in all states of the Union and many foreign countries, as one of the principal source books in nursery school techniques. It is also handsomely illustrated by the nationally known illustrator, Romney Goy.

Florence Peterson, executive secretary of the Red Cross, tells us that the recent Blood Bank was one of the best held here in several years. She was kind enough to tell us that she felt the NEWS' promotion of the event played a great part in its success. Thank so much, Florence.

## Lost Siamese Cat Rescued by Gilberts

The home of Dr. and Mrs. J. C. Gilbert, 470 E. Grandview, recently has turned into a Lost and Found Department for cats and birds. Aside from a lame sparrow that rested there overnight Thursday, a Siamese cat was rescued by the Gilberts from a hit-and-run driver the evening before and taken to the Small Animal hospital in Arcadia.

Now that the Siamese has survived a crushed jaw and fractured skull, the Gilberts are hoping to find its owners. Although still in the hospital, the cat has made a remarkable recovery and is described by the Gilberts as being a well bred young male.

## Second Tennis Tournery Big Hit

The second tennis tournament held last Sunday on the City Park courts was a marked success, according to Wm. J. Owen, one of the sponsors of the event.

Mr. Owen reports that 26 persons participated in the tournament on Sunday—an increase over the number who entered the contest at the first tourney held Sept. 5.

The final was played between W. E. Greger and Duke Dane against W. G. Smythe and Robert Olson. The former pair took the first set 6-4 and were leading in the second set by 4-1. Smythe and Olson then rallied to level the score in the second set to take it at 6-4 and then to go on to win the third set by 6-3. Winners and runners-up were given trophies in recognition of their excellent tennis, Mr. Owen said.

The competition drew a large number of spectators and the general enthusiasm shown by both players and viewers indicates that there may be enough tennis enthusiasts in this area to undertake the formation of a tennis club in Sierra Madre, Mr. Owen reported.

The Owens also wish to thank all of the persons who helped clean and paint the courts last Friday and Saturday; Phil Mitchell for his aid and Byron Hopper who donated the sales tax on the trophies purchased for the winners.

If you would like to see a tennis club organized in Sierra Madre call Mr. or Mrs. Owen at Custer 5-6188.

## Mrs. Florence Eakman Sells Magazine Story

Mrs. Florence Eakman, 194 Mariposa Ave., is represented in the October issue of "The Instructor," nationally circulated teachers' magazine.

Mrs. Eakman is the author of a play for primary grades titled "Fraidy Cat." It appears on a page headed "Halloween."

This is the third contribution which Mrs. Eakman has made to this magazine since April, 1953.

## "Old Snort" May Answer Her Last Alarm

The fireworks which accompanied the debate on the relative merits of fire engines at a previous meeting of the City Council, simmered down at the special meeting of Monday, Oct. 4 into an amicable discussion about the bright red beauty of all fire apparatus. Councilman Pratt said that every fire truck had its individual appeal, and Mayor Louk remarked that even "Old Snort," which has faithfully served the city since 1921, had an attraction all of her own.

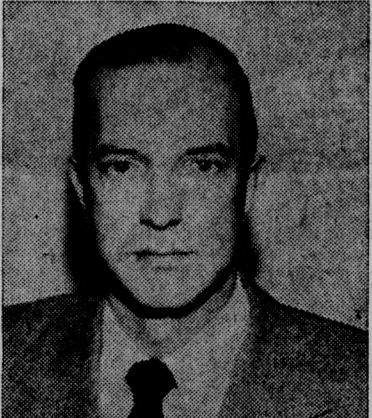

But consideration of the bids received for a replacement of "Old Snort" gradually narrowed down to the bid of the Crown Coach and Body Corp. Their product is the only one which meets the specifications of the legal notice for bids, having a short wheel base with a turning radius of only 56 feet, and a motor of sufficient power to climb with ease the steep grades of our city streets. Councilman Pratt pointed out that the approximate two minutes required to back up in negotiating a sharp turn could mean the destruction of a \$20,000 home.

Final decision was tabled for an early future meeting. It appears at this moment that the fate of "Old Snort" will be decided even before that of the Thanksgiving turkey, and that she soon may be retired to a quieter pasture at the water department's pumping plant, out to the city garage on Alta Vista Drive.

## New Dentist

Dr. Paul J. Narcowich, dentist, will be associated with Dr. Allan J. Burgess, 17 Suffolk Ave., according to an announcement made by the Burgess office this week.

Dr. Narcowich is a graduate of Indiana University School of

DR. PAUL J. NARCOWICH

Dentistry and recently completed two years in the Army. He was stationed in Korea for one year and spent his second year as prosthodontist in the 141st General Hospital at Kuyushu, Japan.

After leaving the service, Dr. Narcowich took a post graduate course at the University of Southern California where for a short period he also held the post of instructor in the dental college.

## Victory Park May Be New High School Site

### Pasadena City Directors Hear Reasons Why Location is Ideal

Selection of Victory Park as a site for the new Pasadena high school which would serve Sierra Madre, appeared to be a step closer at NEWS press time, following a meeting of the Pasadena Board of Education on Tuesday at which time members went on record as favoring this location for the erection of a new plant—for which bonds were voted June 8.

It is understood by the NEWS that the Pasadena Board of Education is presenting its plan for the acquisition of the 43 acres comprising Victory Park to the Pasadena City directors as this story is written.

#### Victory Park Ideal

In evaluating the possible sites for the new building, Dr. Stuart McComb, superintendent of Pasadena schools, told members of the Board of Education that Victory Park "is the only site ideal in location, size, shape and terrain for high school needs." McComb also pointed out that the cost of acquisition is not excessive and that only local problems would be involved.

Local citizens were pleased with Victory Park's possible selection because of its easy accessibility to Sierra Madre students. Earlier in the week the Sierra Madre PTA, as a unit of the Pasadena PTA, sent a letter to the Pasadena Board of Education, expressing a desire to see the building program start as soon as possible.

Mrs. Charles Siegel, of Sierra Madre, who was appointed to the Citizens Advisory Committee for the Selection of a High School Site, said that those wishing to voice their approval of Dr. McComb's recommendation do so by addressing him at the Board of Education, Pasadena School District, 361 S. Hudson, Pasadena.

## Boy Scouts to Carry News of 'Chest' Drive

The Community Chest campaign will be given new stimulus Oct. 23 when Sierra Madre Boy Scouts deliver letters to homes throughout the area announcing a city-wide solicitation to be begun Oct. 25.

Campaign officials have announced that volunteers are needed for the house-to-house calls. Those who wish to offer their services in the drive are asked to leave their names, addresses, and telephone numbers at campaign headquarters, 28 W. Sierra Madre Blvd. The telephone number there is Custer 5-3027.

Goal for the local Community Chest is \$7500. Campaign chairman is Newell Barrett, assisted by Mrs. George Osborn who is in charge of the house-to-house solicitations.

Volunteers will meet at 9:30 a.m., Oct. 23, at the Woman's Clubhouse, 270 W. Sierra Madre Blvd. for a briefing session and coffee.

Advance gifts solicitation has been coordinated by Dr. Milton Valois, with Al Foxton acting as business and industry chairman.

## La Lone Cleaners Move to New Store Monday, Oct. 18

A cleaning business that began in Sierra Madre with one woman and her car on a clothes pick-up route will celebrate its third expansion next week when La Lone Cleaners moves into one of the most complete cleaning and pressing plants in this area.

Ten people will be employed at the new address, 70 West Sierra Madre Blvd., counting the two proprietors, Julian La Lone and his wife, Dorothy. Assisting them all will be a new Manitowoc cleaning plant that will make possible a complete cleaning and pressing service within four hours.

To celebrate the opening days next Monday, Tuesday, and Wednesday, the La Lones are sponsoring a contest whereby customers may win prizes, including free cleaning orders, by guessing the amounts of business that will be done during each of those first three days. Winners' names will be posted in the window of the new establishment at the end of each day.

Begun at 81 W. Sierra Madre

## Master Zoning Draft Reveals New Methods

A clearer, sharper view of the City will result from the master zoning plan as presented in the first draft of the new zoning ordinance, Councilman Wood pointed out at the Sept. 28th meeting of the City Council.

It contains several important types of provisions not contained in the old ordinance and makes administration and enforcement of the ordinance easier. New specification regarding procedures to be followed by Planning Commission and City Council regarding minutes of meetings, hearings, etc., are designed to make sure of better and more adequate records of hearings and to establish precedents to make enforcement of ordinance more uniform.

Methods of procedure of Planning Commission. Planning Commission may clarify any ambiguities in ordinance. Must ascertain facts and interpret accordingly and send to City Council for approval. Their interpretation, to be made part of record. From then on, interpretation will hold.

Granting or denying applications for variance and use permits — require that Planning Commission must announce findings by similar report which gives facts and findings. This information to be readily available for reference when other similar cases come up. This feature also applies to the City Council—in case of appeals, Council must make decision, report findings in similar report for record.

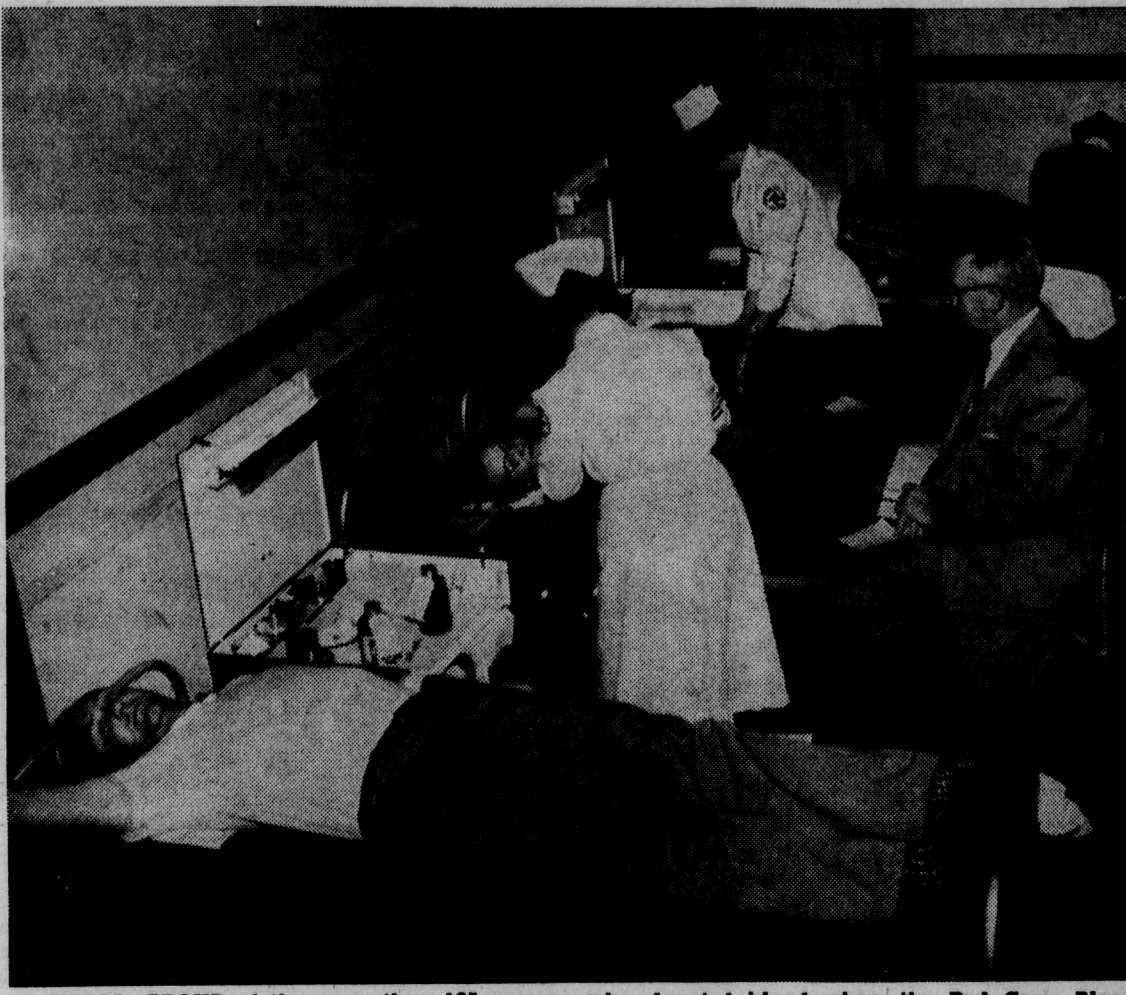

Other new provisions in addition to those listed in last week's issue of the NEWS are as follows:

R-2 zones—Day nurseries will be permitted up to nine children; all residential zones R-1, R-2, R-3 have same lot area requirements and front and side yard requirements; allowance will be made for buffer lots at boundaries between zones—permitting 2-family use.

## Party for Hiestand At Wistaria Vine

Members of the Sierra Madre Republican Club will entertain Congressman Edgar Hiestand at a party to be held at the Wistaria Vine Friday night, Oct. 15.

A picnic supper will be served starting at 6 o'clock and an evening of entertainment including rhythmic swimming and music by the Jose Arias trio will be provided.

A SMALL GROUP of the more than 165 persons who donated blood when the Red Cross Blood Bank mobile unit visited Sierra Madre on Oct. 6. Sitting on the edge of the bed is Dr. Philip Woodworth who with Dr. M. H. A. Peterson checked the patients as they arrived.

## Dr. A. Burgess New President of Kiwanis

Names of the new officers and directors of the Kiwanis Club were announced at the annual luncheon meeting Tuesday by David Allen, president. The men who will serve in their special capacities for the club in 1955 are:

Allan J. Burgess, president; John H. Curtis, vice-president; James H. Wolfe, secretary, and Arthur M. Morse, treasurer. Those elected to the board of directors were Raynor Smith, Dr. Daniel D'Arcy, Leland Marsh, Lawrence Bevington and Henry Nelson. Two of the present directors who will serve in 1955 are Newell Barrett and Larry Lomax.

The Kiwanis luncheon meeting also included a brief report by Bill Bodley pertaining to the board meeting last Thursday. Special recognition was given Emil Smith and his committee for the serving of the barbecue steak dinner at the last Ladies' Night party.

## Response to Blood Bank's Call Generous

When the Red Cross Blood Bank mobile unit visited Sierra Madre Wednesday, Oct. 6, more than 165 persons arrived at the Woman's Clubhouse to give their blood, thus checking up one of the local chapter's most successful records in recent years.

Both Mrs. Florence Peterson, executive secretary of the Red Cross, and Mrs. Ralph Jones, Blood Bank chairman, were enthusiastic about the splendid response given to the request for more donors to replenish the rapidly diminishing supply of blood at Red Cross Blood Bank headquarters in Los Angeles.

Last week's event saw an innovation when Dr. M.H.A. Peterson and Dr. Philip Woodworth served as physicians with the unit. This is the first time that local doctors have been present during the mobile unit's visit, Mrs. Jones reported.

#### Gallon Pins Given

Actually 168 persons offered their blood, but 14 were rejected for various reasons. Those receiving gallon pins were Mrs. Douglas Berkshire, Mrs. George R. Lovejoy, Mrs. Charles James, William Bodley, Carl Burt, Edmund Lawrence, Ronald Merritt, Richard E. Pendergast, Edward Schroetzberger, Walter R. Sheasby, James Heasley Jr., Dr. Milton Valois, Dr. Philip Woodworth.

### SIERRA MADRE DEER HUNTERS GET LIMIT

Sierra Madre deer hunters recently have returned from their expeditions into the north country with a buck apiece, no money, and one black bear.

Edward and Earl La Lone, who hunted in the Greenhorn mountains of Kern County, brought home the 300-pound bear along with their limit of one male deer. The others, each of whom bagged his buck, were Fred and Robert La Lone, Don Jackson, Murdo McVoy, and Vinton Hoeges, who made a nine-day safari through the pack-in country of Modoc County near the Oregon border.

According to Don Jackson, the members of his group still have the songs from Robert La Lone's guitar ringing in their ears. "When it comes to guitar playing," Jackson says, "that Robert is the best of the worst I ever heard. That boy just naturally loves cowboy music."

### Hiestand Coffee Hours Held Today

Congressman Edgar Hiestand will be in Sierra Madre all day today, Thursday, and if you would like to meet your Representative in Congress, you are cordially invited to do so by visiting any one of the three homes listed below where "Coffee Hours" will be held.

## Giant TV Program to Honor 75th Electricity Anniversary

The largest network of television stations for a single program ever presented in the United States has been signed for the electric industry's historic "Light's Diamond Jubilee" television show, 6 to 8 p.m., Sunday evening, Oct. 24, according to announcement made by C. O. Wedberg, Southern California Edison Company district manager.

President Eisenhower will participate in the two-hour show which will be the climax of this year's celebration of the 75th anniversary of the invention of the first practical electric lamp by Thomas A. Edison on Oct. 21, 1879.

More than 330 stations of the ABC, CBS, Dumont and NBC networks have been put together for the program, to be produced by David O. Selznick. Among

the stars who will participate will be Helen Hayes, Joseph Cotton, Kim Novak, Guy Madison, Walter Brennan, Thomas Mitchell and Brandon de Wilde. Victor Young, famous composer and conductor, will be musical director for the program.

Working with Selznick on the show are Ben Hecht and King Vidor. Hecht, author and dramatist, is putting the finishing touches on the master script of the show. Vidor, the director, will make his television debut as director of an important section of the "Light's Diamond Jubilee" television show.

"Probably no other factor has contributed as much to the high standard of living as we enjoy in America today as the progress of electricity in these past 75 years," Mr. Wedberg said today.

This is the 79th semi-annual sale, in more than 40 years, that has been sponsored by the Pasadena women's organization. As a result of these sales, the school has been provided with a swimming pool, tennis courts, a new bus and the complete remodeling of one of the dormitories. Medical and dental care for the boys has also been provided from funds raised in this manner.

## Girl Scouts To Benefit in 'Chest' Drive

The Girl Scouts in Sierra Madre are among those who benefit from the local Community Chest campaign. Their recreational, educational, and guidance programs are famous throughout the country, and the many civic activities to which they contribute through personal efforts are well known to Sierra Madreans.

As an example, members of the 14 Girl Scout troops here are volunteering for the house-to-house funds collecting in the area described by Mrs. Harold Fangborn, chairman of community services, at a recent meeting of Girl Scout leaders held in the home of Mrs. William Maloney, 240 Adams St. The area defined, to be canvassed later this month, is from Baldwin to Michillinda and from Orange Grove to Sierra Madre Blvd.

The leaders and co-leaders of local troops who give their time each week in assisting the Girl Scout program are:

Troop 1: Mrs. John Carr, Mrs. Charles Herzberg, Mrs. Vergil Gadberry, Mrs. Kunihiko.  
Troop 2: Mrs. Heasley, Mrs. Aisawa, Mrs. Turner.  
Troop 3: Mrs. Lauder, Mrs. Charles Peterson.  
Troop 4: Mrs. Donavan, Mrs. Schriener.  
Troop 15: Mrs. Nixon, Mrs. Raymond Long.  
Troop 16: Mrs. Douglas Dickson, Mrs. James Tyler.  
Troop 19: Mrs. Paul Burton, Mrs. John Redlon.  
Troop 20: Mrs. William Hippenstiel, Mrs. Olive O'Byrne.  
Troop 22: Mrs. Alice Herrold, Mrs. James Winslow.

## Hastings Groups Plan Outdoor Christmas Decorating Contest

Hastings Ranch will bloom with holiday spirit at Christmas time if plans for outdoor decoration contests are followed as are now being mapped out. Two committees, one in the Upper and one in the Lower Ranch, are already setting up arrangements.

Hastings Ranch Garden club and Las Jardineras are joining to sponsor the second annual contest in the Lower Ranch, with prizes scheduled to go to homeowners with best displays in several categories.

Representing the Hastings club are Mrs. Sheldon Milliken, Mrs. Alice Peterson and Mrs. John Zeman, and on the Las Jardineras committee are Mrs. Bob Langsett, Mrs. Bill Hurter and Mrs. Charles Coates.

Displays are to be in place by Dec. 16 and in addition to a sweepstakes prize awards will be given for displays chosen most humorous, most expressing the Christmas spirit, story book theme and the nativity.

Since most of the displays will be made by the homeowners themselves, the contest is getting underway early to give plenty of time for thought and construction, the committee said.

The Upper Hastings Ranch outdoor Christmas decorations contest will be sponsored by the Northeast Pasadena Property Owners Association, Inc. The committee is headed by Ralph A. Johnston who is being assisted by C. Don Hays, Donald H. Munro, Russell D. Kraus, Mrs. Al L. Pruitt, Mrs. Brooks Thomas, Col. Roy L. Schuyler and William M. Lawson.

It is the hope of the committee that each and every resident in the Upper Ranch will be enthusiastic about the holiday decorations and will plan something for their home. It has been decided that more residents could participate in the distribution of the prizes if, in addition to the individual awards for first, second and third place, the area be divided into blocks and each block compete with each other. There will be a prize for each home in the winning block. The prizes and judges for the contest will be announced at a

later date. Judging will take place Wednesday, Dec. 22. Everyone is reminded that this project is as much their's as it is the committee's and it is hoped that suggestions will be made to any member of the committee. The amount of money spent for the decorations is secondary. The main purpose is to turn the Upper Ranch into a gayly decorated Christmas tree. Aside from the fun of making it a family and community project, the area has so many little people to appreciate our "Holiday Fairyland."

### How Would You Choose Lumber?

You're building a home. Each piece of lumber must fit a particular need. There's a proper grade in every instance.

Usually there are ordinances prescribing the grade to be used. So you order that grade.

It's one thing to order it and another thing to get it. But you can insure getting proper grades by dealing with a company of high business standards.

Hammond, whose name has been connected with lumber since the seventies, operates on the basis of keeping their customers permanently. We expect to be in business for many years to come.

Let us serve you.

### Panel Discussion Feature of October Meeting of PTA

A panel discussion will be featured at the PTA meeting on Thursday, Oct. 21, in the Sierra Madre school auditorium at 8 p.m.

These talks and the discussion between members of the panel which will follow are planned to cover the questions of school discipline, work habits and the teaching of reading and spelling.

### MOTHERS ORGANIZE TO START TEENAGER CHURCH ACTIVITIES

A new and interesting class is now being held each Monday morning at 9:30 at Pritchard Hall by mothers of the Congregational church under the direction of Mrs. Charles Gildart. The purpose of the class is to teach mothers some of the basic skills such as dancing, singing, badminton and volleyball as preliminary preparation for the organization of a teenager group in the church.

Mrs. Gildart pointed out that teenagers will soon be organized within the church and that these young boys and girls will eventually be asked to invite outside friends to the church functions.

Mrs. Gildart is well qualified to direct the class as she was a member of the physical education department of the West Philadelphia high school where she was director of dancing. She has also taught at Beaver College and has composed ballets for festivals held in that area.

A cook-out is being planned as the first teenagers event and is scheduled to be held Oct. 22 at the Youth Hut.

### 'Doctrine of Atonement' Christian Science Topic

The inspiring lesson-sermon to be read in all Christian Science churches Sunday reveals the joy to be experienced from the recognition of man's oneness with God.

Paul declares in his letter to the Romans (5:2-4,11) "We . . . rejoice in hope of the glory of God. And not only so, but we glory in tribulations also: knowing that tribulations worketh patience; And patience, experience; and experience, hope: . . . we also joy in our Lord Jesus Christ; by whom we have now received the atonement."

In "Science and Health with Key to the Scriptures" Mary Baker Eddy writes, "The atonement requires constant self-immolation on the sinner's part." "If Truth is overcoming error in your daily walk and conversation, you can finally say, 'I have fought a good fight . . . I have kept the faith,' because you are a better man. This is having our part in the at-one-ment with Truth and Love." (pp. 23, 21).

The Golden Text from I John 2:1 reads, "If any man sin, we have an advocate with the Father, Jesus Christ the righteous."

## Dr. Andrew Gih to Speak at Bethany Sunday P.M. Service

Dr. Schaper will be continuing his series of messages on "The Fruit of the Spirit" at the morning worship hour. In the evening world-wide missionary vision, its members and friends will be privileged to hear Dr. Andrew Gih at the 7:30 p.m. service.

Dr. Andrew Gih is China's best known evangelist. Son of a Confucian scholar and Buddhist mother, he was converted in Shanghai and baptized by a C.I.M. missionary. He has been founder of the famous Bethel Bands of Chinese Evangelism which have been touring China with the gospel ever since. Dr. Gih is a recognized leader of the revival movements in China which have won tens of thousands of people to Christ. Since 1935 Dr. Gih has been a welcome visitor to the United States, Canada, Great Britain, Scandinavia and Australia, where his deeply spiritual messages and Chinese wit have endeared him to his audiences. He has campaigned in some of the largest churches of the country, including Moody Church of Chicago. He was a main speaker at the World Christian Endeavor Convention in Melbourne.

He was director of Youth for Christ for China, though of

course he was busy in evangelism long before Youth for Christ was promoted. At the present time he is director of the "Evangelize China" Fellowship, an organization which is working acceptably with the denominational boards and international societies in China. Dr. Gih is president of a vocational seminary in Hong Kong which teaches trades as well as theology to Chinese evangelists and pastors so that they may be able to support themselves behind the bamboo curtain.

### Woman Evangelist at Church of Nazarene

Miss Roxie Wintermute, ministerial student of Pasadena Nazarene college, will conduct a series of evangelistic services in the local Church of the Nazarene through Oct. 24, according to Rev. Orian G. Burlison.

While Miss Wintermute has been preaching only about two years, she has had good success as an evangelistic speaker. Her unique and dynamic method of presentation are said to make the services most interesting.

Assisting her in the services will be musical talent drawn from the music department of Pasadena Nazarene college. Also the Christian Workers Band of the college will aid in the campaign.

Everyone is invited to attend the services nightly at 7:30 o'clock. There will be no services on Saturday nights.

\$234,000 \$10,000  
\$161,000 \$96,000  
\$90,000 \$82,000

QUESTION: Why are juries awarding such terrific amounts in personal injury damage suits? Are they getting better or what?

ANSWER: There are several reasons for the larger awards. Medical and hospital costs are away up and other expenses and property costs are higher. Also the earning power of most people has increased tremendously and the loss of that income due to accident can reach staggering figures.

## Many Visit Bowl to Hear A. Stevenson

Forty Sierra Madreans at-  
tended the Adlai Stevenson  
rally in Hollywood Bowl Satur-  
night. A large number of the  
Democrats went by bus, while  
others drove their own cars.  
The original plan was to  
have a bus exclusively for Sierra  
Madreans, but as Arcadia had  
engaged two buses and had a  
large block of seats reserved,  
the Sierra Madre group joined  
with the Arcadians. A few oth-  
ers joined the Monrovia bus.  
A spokesman for the Demo-  
crats said that it was the first  
time enough Sierra Madreans  
to fill a bus had ever attended  
a distant political rally in this  
type of conveyance.

## Toy Loan Anxious To Have Donations For Their Library

When you're cleaning out the  
children's toyboxes to make  
way for Christmas, please re-  
member Sierra Madre Toy loan  
with your worn-out or out-  
grown toys.  
It doesn't matter if there is  
only one limb left on Suzie's  
doll or if Junior's wagon has  
lost its wheels. All can be  
repaired by the disabled and  
handicapped workers at the  
county toy loan center where  
there is a storehouse of extra  
parts and materials to make  
draggled toys look like they  
came fresh from Santa's work-  
shop.  
Mrs. Ralph Hutcheson, chair-  
man of the local toy drive, re-  
ports that there is a special  
need in Sierra Madre for dolls  
and games. Incidentally, al-  
though toys will be repaired  
at the downtown toy center, all  
toys contributed here will be  
returned to Sierra Madre for  
use of our children.

Bins ready to receive your  
discarded toys have been placed  
at Roess Market, Sierra Madre  
Hardware, Roberts Market and  
at the Toy Loan cottage in  
city park.

Toy loan is sponsored locally  
by the Civic Club and is open  
from 2 to 5 on Tuesday and  
Thursday afternoons. Children  
from two on are eligible to  
borrow as many as three toys  
a week from the toy loan li-  
brary. If they consistently re-  
turn the toys promptly and in  
good condition they are re-  
warded at times with toys of  
their own choice which they  
may keep.

Mrs. Florence Hutter is Toy-  
rarian.

KNOW THE CAUSE OF YOUR

ILLNESS

The first and most important  
step in the treatment of any  
human illness, is to obtain  
**CORRECT DIAGNOSIS.** This  
can be done by careful and con-  
scientious physical examination  
with the aid of X-RAY, FLU-  
OROSCOPY, and COMPLETE  
LABORATORY TESTS, cor-  
related with STRUCTURAL  
ANALYSIS.

The average diagnosis falls  
short of finding the cause of  
distress, because it is not cor-  
related with structural analysis.  
Correct diagnosis is not possi-  
ble by quick snap-judgments  
and brilliant guesses, nor by  
dramatic new diagnostic gad-  
gets or processes. The various  
examinations and tests applied  
in scientific diagnosis are not  
new or spectacular but are de-  
pendable, thoroughly tried and  
proven through many years of

## Don't Forget About Absentee Ballots!

Absentee votes can play an  
important part in the Nov. 2  
election and both Republican  
and Democrats are eager that  
everyone vote. Ballots can be  
obtained by contacting Repub-  
lican headquarters, 83 W. Si-  
erra Madre Blvd., and the Demo-  
cratic headquarters at 154 W.  
Sierra Madre Blvd. Both groups  
will be glad to mail you a bal-  
lot, if you will not be in Sierra  
Madre on election day. It is  
pointed out there is still time  
to send absentee ballots to  
servicemen, if quick action is  
taken.

## Scanning the Sports Scene

By BOB BROGGER

The boys from Sierra Madre  
who are playing on the team  
are Kenny Rhoades and Jim  
Yarnell. Tony Pascoe was play-  
ing second string halfback un-  
til he injured his leg.

Alan Hurwitz and Toni Rud-  
bach are the managers.

The Antelope Valley team  
should not be too rough a team  
for the sparkling Bulldogs. One  
reason is, that they have a  
poor passing offense. The An-  
telopes didn't complete one pass

in their last game with Orange  
High. (The score of that game  
was 0-0.) That is a break for  
Pasadena because as most of  
you may know, their passing  
defense is not too good.

Now—who knows, Antelope  
Valley might beat the Bulldogs  
eleven. So far this season  
there's been nothing but upsets,  
but we're going to pick Pasa-  
dena to win by five touch-  
downs.

Muir doesn't have a game  
this week, but next week it's  
their big game up at Las Ve-  
gas. In fact we see that they  
have already left. I guess they  
have to get used to the high  
climate.

## FRIENDS OF LIBRARY DIRECTORS MEETING

rectors of the Sierra Madre

(Thursday), Oct. 14, at the  
home of Mrs. John E. Conzel-  
man, Friends president, 658  
Mariposa Ave.

Discussion will center around  
plans for outfitting the Sierra  
Madre room in the proposed  
new library building as well  
as arrangements for the group's  
first public meeting to be held  
early next month, Mrs. Conzel-  
man reported.

The president also empha-  
sized the fact that all members
